

Job vacancy for dedicated people with enthusiasm for biomedical research!

TRON gGmbH – Translational Oncology at the Medical Center of the University Mainz – is a growing biopharmaceutical non-profit organization developing highly innovative technologies to address unmet medical needs in the field of cancer diagnostics and therapeutics. TRON is located in Mainz, Germany and is strongly connected to national and international collaborators from both academia and pharma.

TRON has a proven track record in renowned journals and has published its findings in Nature for the last three years running ([2017](#), [2016](#), [2015](#)).

As a part of our team, you will have the opportunity to collaborate with talented and dedicated colleagues, develop and expand your career and be on the cutting-edge of translational science to improve patients' lives.

TRON is expanding its multidisciplinary Bioinformatics Unit with exceptional experience in development of innovative solutions for cancer immunotherapies. To enlarge our technological knowledge and expertise, we are searching for a

Data base/LIMS expert (m/f)

to join our Data Management team.

DUTIES AND RESPONSIBILITIES

- Plan and execute the setup and maintenance of LIMS systems including legacy data migration/integration
- Document processes and results in compliancy with regulatory demands
- Work with an enthusiastic team of scientists and IT specialists to optimize processes
- Instruct and guide team members
- Support software development for innovative solutions in the field of cancer immunotherapy

QUALIFICATION AND EXPERIENCE

- Degree in (Bio-)Informatics, Computer Science or comparable study program
- Working experience in a Linux environment
- Experience in programming (e.g., Python/Perl/Java/C++/SQL)

Preferred experience

- Experience in working with biological data
- Working with Labware or other LIMS

We look forward to receiving your application.
