

We are looking for committed people with enthusiasm for biomedical research!

TRON is a non-university, biopharmaceutical research institute in the legal form of a non-profit organization. The company's aim is to develop highly innovative technologies to address medical needs in the fields of cancer diagnostics and therapeutics. TRON was founded in Mainz in 2010 and works in close cooperation with universities and clinics as well as with regional, national and international research institutions and companies in the pharmaceutical industry.

As part of our team, you have the opportunity to work with talented and dedicated colleagues, to develop and expand your professional experience, and to be at the cutting-edge of translational science to improve patient lives.

To support our *Data Management* team as soon as possible, we are looking for a

LIMS Manager (m/f/d)

As a LIMS Manager of the Data Management team at TRON, you will be responsible for the setup, establishment, support, and further development of LIMS (Laboratory Information Management System) and databases. You will act as interface to different functional units, but also to different IT units.

DUTIES & RESPONSIBILITIES

- Creation and administration of LIMS and information systems
 - Collection of user requirements
 - Preparation of UMLs and workflows
 - Design, implementation and maintenance of the systems
 - Data migration and integration
 - Documentation
- Database administration
- User support and training

QUALIFICATION & EXPERIENCE

- Degree in (Bio-)Informatics, computer science or comparable study program or certified job training (German Fachinformatiker level or equivalent)
- In depth working experience in a Linux and Windows environment
- Experience in programming (preferably Perl/Python/Java/Visual Basic)
- Working experience with different databases (preferably MySQL, PostgreSQL)
- Additional experience in working with biological data
- Any further working experience in web development (e.g. HTML, Javascript/JQuery) as well as in LIMS (e.g. LabWare LIMS, OpenBis, Molgenis) would be a plus

If you are a self-starter who likes working in a dynamic start-up environment, moreover who is enthusiastic about the activities in a biopharmaceutical research institute and who is also thrilled by supporting the implementation of personalized medicine and the digitalization of the biological data, you will enjoy your task, as well as working at TRON. If you enjoy working in a team to develop a good software solution with and for your colleagues and if you do have additionally strong visual, verbal and written communication skills, you should not wait any longer to apply for this position.

We are looking forward to receive your application.

Please send your application documents (cover letter, CV, certificates) by email in one single document of max. 5 MB to the Human Resources Team of TRON: ([jobs \(at\) tron-mainz.de](mailto:jobs@tron-mainz.de)), reference "*LIMS Manager*".
